

The NHG Advanced Internal Medicine Residency Programme seeks applicants who demonstrate the following essential qualities:

Base Criteria

1. Clinical Competence

- a) **Medical Knowledge:** Demonstrate a strong understanding of basic and clinical sciences.
- b) **Performance:** Exhibit good work performance and receive positive feedback (both formal and informal) in medical student, house officer and/or medical officer postings.

2. Interpersonal and Communication Skills

- a) **Communication:** Exhibit effective and clear communication with patients, their family members as well as other healthcare professionals.
- b) **Teamwork and Collegiality:** Demonstrate the ability to work well and collaborate with other healthcare professionals, including nursing, allied health, and administrative teams.

3. Professionalism

- a) **Integrity and Accountability:** Maintain high standards of integrity and accountability at work.
- b) **Conscientiousness:** Show diligence in completing tasks, such as administrative and clinical work, in a timely manner.

4. Personal Attributes

- a) **Resilience:** Demonstrate the ability to withstand and recover quickly from difficult situations.
- b) **Teachable:** Demonstrate a willingness to learn and apply new knowledge and skills.
- c) **Commitment:** Show dedication to completing the 2-year Advanced Internal Medicine Residency Programme.

5. Pre-requisite

- a) Has successfully completed the entire Membership of the Royal Colleges of Physicians (MRCP) examination – Part 1, Part 2 & PACES
- b) Has successfully completed Internal Medicine Junior Residency in any of the 3 Sponsoring Institutions

Optional Criteria

6. Research Experience:

- a) **Research Participation:** Involvement in research and/or quality improvement projects.

Candidates who meet the base and/or optional criteria are eligible to apply for residency training. However, meeting the eligibility criteria does not guarantee a match.
